Subject: RE: IMA-NA Comments to EPA - EPA-HQ-OPPT-2016-0736 - Asbestos

Mark- Thank you for your comments. EPA plans to issue draft risk evaluation problem formulation documents for the initial 10 chemicals, including asbestos, in December.

Regards,

-Robert

Subject: IMA-NA Comments to EPA - EPA-HQ-OPPT-2016-0736 - Asbestos
Importance: High

Robert--

Given your responsibilities at EPA, and particularly given your leadership role in the current risk evaluation efforts under TSCA, I thought I would send you a courtesy copy of the comments IMA-NA filed today in the "asbestos" docket. The comments were duly filed through the Federal eRulemaking Portal: <http://www.regulations.gov>.

Please let me know if you have any questions, comments or suggestions regarding this matter.

Best--

Mark
